Shuttle from Exit Trail	March 2010

We currently do not have a Shuttle from the Exit Trail, as we have rerouted the Waterfall Tour to Enter and Exit near the Casita Tipica. During our reconstruction following the January 8, 2009, 6.2 Magnitude Earthquake, we have widened most of the trails, thereby making it easy for travelers to pass each other along the trail.

If you feel that you will need a shuttle back to the Park Reception, we will offer limited shuttle service from the Casita Tipica.
